Relais Villa Olmo

THE PROPERTY

Why “Relais”? an old French word meaning “a place to stop during a journey”, somewhere safe to rest, have a tasty bite of fresh local fare and some good wine. A place where you can, truly, lay back, enjoy and unwind.
Bells softly chiming, swallows gliding over the olive trees and the tempting scent of homemade bread... guests of Relais Villa Olmo, well know why ours is an authentic “Relais”!

Located on the premises of an ancient 15th century hamlet restored and restyled to perfection, Relais Villa Olmo is a welcoming deluxe retreat where Tuscany’s authentic charm blends with world-class service and facilities. Comprising a variety of hospitality solutions, a panoramic swimming pool, carefully groomed garden, organic vegetable garden and premium wine cellar, and, at its heart, the unique Diadema Wine Bar and Restaurant, Relais Villa Olmo provides each guest with the privileges of a stay in a golden-age Tuscan countryside mansion.

True to its name, Relais Villa Olmo opens the doors of the Diadema Wine Bar and Restaurant, swimming pool and cellar to in-house and off-site guests alike, offering all visitors a gracious and earnest welcome to the many pleasures of Tuscan hospitality.

Providing attentive first-rate service in refined premises, signature cuisine and a rainbow of memorable moments, Relais Villa Olmo is much more than a luxury Food&Wine Resort.
Nestled between luxuriant vineyards and bountiful olive groves, Relais Villa Olmo rises right by the thriving town of Impruneta, birthplace of Tuscan terracotta, a charming village brightened by a lively daily scene, colorful weekly market and heartfelt traditional festivals scattered throughout the year.

Strategically located at a scenic 30-minute drive from Florence, with its unrivalled art masterpieces, 1 hour from Siena and about 1 hour and 30 minutes from Pisa, the Relais is also an ideal spot to explore the surroundings and discover its many fascinating small villages. Vividly picturesque Chianti towns are all unique, each special for a signature product or distinctive feature. Nearby Stroda in Chianti boasts one of Italy’s best pasta factories, San Casciano Val Di Pesa, home to Machiavelli, beckons visitors with fairytale castles and ancient legends, and the whole area is dotted by award-winning wineries and generous fields yielding sublime blends and scrumptious fresh produce.

DIADEMA WINE BAR & RESTAURANT

We created Diadema Wine Bar & Restaurant as an authentic Tuscan bistrot, a fine, elegant venue committed to offering excellence.

Respect for nature and our bountiful land are the first step, and Tuscan culinary heritage becomes art in each of our menus, all seasonal and prepared with the vegetables from the estate kitchen garden. On the estate vegetables and herbs are grown according to tradition and following the rules of organic farming. This method guarantees a thorough attentive selection of the produce, and an extensive variety which reflects our mindful attention to our guests at all times, even in the kitchen.

From field to table: committed to using only the very best we roam the hillside farms to secure the creamiest cheeses, most flavorful meats and grains directly from the farmers, and plant and nurture the rest. Pairing the dishes with our signature premium wines reveals a flavorful blend which enhances aromas revealing the passion, tradition, creativity and research to amaze and fascinate even the most discerning customers.

Meticulous attention to detail and scrupulous choices characterize both our dining selections and our wine list which, in addition to the estate Diadema wines, offers a wide range of hand-picked premium labels.

Multi-colored and welcoming, just like the Tuscan hills, our wine bar and restaurant offers a variety of options, providing guests with a taste of genuine Tuscany throughout the day. Traditional Tuscan fare brilliantly revisited by our talented chefs is the feather in our cap, from the home-made pasta and glorious staple peasant dishes like “ribollita” and hearty “peposo” meat stew to truffle-based recipes. Committed to meeting all needs, and surpass guests’ expectations, our chef and his team study options for vegetarian, gluten-free and lactose-free dishes and menus, and prepare each and every one with ingenious flair.

Alessio Leporatti, head chef of the Diadema Wine Bar & Restaurant and rising star of the European fine-dining scenario, looks forward to welcoming you with tempting new proposals.
Lay back, savor the sweet-scented breezes, and leave all worries behind. Rising like a heavenly vision above a sea of silvery olive trees our panoramic swimming pool is a postcard-perfect spot to lose yourself in the scenery, bask in the sun, re-energize your senses on hot summer days and allow us to spoil you!

Strategically built facing south our pool enjoys the warm rays of the Tuscan sun all day long, and just like the sun we are there to oblige and pamper you with fruit and herb-infused water, fresh juices, wine and cocktails, and tempt you with the luscious recipes of our special Pool Menu from sunrise to sunset.
The inborn elegance of authentic Tuscan manor homes enhanced by sophisticated luxury finishes, understated style and utter peace.

At Relais Villa Olmo all has been carefully designed to match and pair with the outdoors and our traditions. Starting from the colors: warm red, like the juicy grapes in our vineyards, mellow green, like our olive oil, and beige-gold, like the local wheat we use for our homemade bread.
